Leisure Lawns Collection

Durable Outdoor Furniture Designed for Relaxation

About Leisure Lawns Collection

Leisure Lawns Collection was built on the heritage and tradition of quality Amish craftsmanship. In 1987, a young Amish farmer in Lancaster County, Pennsylvania, started building wooden lawn furniture as a way to supplement his income. As he began offering them for sale at local farmers markets and shops, the customer interest grew. He began expanding his product line to include more wooden lawn furniture. Years later, the introduction of maintenance-free poly brought more changes to the Leisure Lawns

Collection. Many of the wooden styles were adapted to poly, making the furniture more durable and colorful. Leisure Lawns has now been producing poly furniture for fourteen years and continues to introduce new designs and continues to improve on their other designs.

Eventually, Leisure Lawns outgrew its space on the farm and moved to a larger facility in New Holland, PA. We now operate in a 9,000 square foot manufacturing facility with a 16,000 square foot warehouse. This increased warehouse space allows us to keep more inventory on hand, helping to ship products in a timely manner.

After 30 years in business, Leisure Lawns Collections is still run by a family member of the Amish farmer who started the business. Leisure Lawns is continuously improving its products and adding new ones and is now shipping furniture all over the United States and Canada. At Leisure Lawns, we still place the highest value on hard work, superior craftsmanship and customer satisfaction.

What Makes Us Different?

Poly Construction

Our furniture is *made in the USA* and produced with plastic lumber made from high-density polyethylene.

20 Year Warranty

Backed by a 20 Year Limited Warranty, our company promises quality relaxation for many years. We use only the highest quality products.

19 Poly Colors

Nineteen beautiful poly colors to choose from along with the option of combining two-colors to create beautiful unique color combinations.

Stainless Steel Fasteners

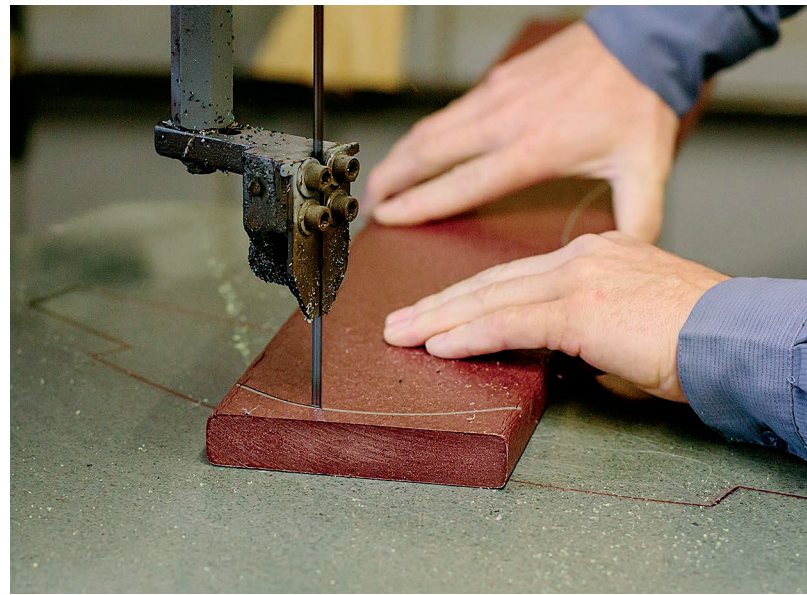

We use high-quality stainless steel fasteners on all of our poly furniture which are proven to be more resistant to corrosion.

Quality Assurance

Each furniture piece is hand cut and hand assembled for quality assurance. Our focus is on comfort, quality and enduring designs.

Thicker Leg Construction

The legs of our poly furniture are 1½" thick by 3½" wide giving our furniture additional strength and stability.

poly advantage

At Leisure Lawns, we manufacture our furniture out of plastic lumber from recycled high-density polyethylene. Our poly is a combination of post industrial, post consumer regrind and wide-spec which would normally be disposed of in our landfills.

If you are looking for maintenance-free furniture, our outdoor poly furniture is the right choice! Unlike most outdoor furniture, our poly furniture will not rot, rust or fall apart from wear. It is easy to care for, does not require painting and is built to endure harsh weather. Because our poly imitates natural wood grain, the texture of the poly hides scratches and will maintain its beauty for many years. Our nineteen colorful options are infused with color and UV stabilizer to reduce fading, keeping your furniture beautiful for many years.

craftsmanship

We believe in a quality that is not readily available in today's world of furniture. All of our furniture at Leisure Lawns is handmade, hand-cut and screwed together with only the highest quality products. Our poly furniture uses stainless steel fasteners which are proven to be more resistant to corrosion. Using only the highest quality products allows us to stand behind our products knowing they will serve you well in the years to come. When designing our furniture we focus on comfort, quality and design ensuring that each product will last for many years of enjoyment.

Comfort & Relaxation Begins

with Leisure Lawns Collection

At Leisure Lawns, it is our goal to bring leisure living and relaxation to your backyard. Times of relaxation and refreshment should not be limited to vacations but should be part of our everyday lives. Our large selection of poly and wood furniture will make relaxing at your home in your own backyard even more relaxing and enjoyable.

Poly Furniture Care

Clean your poly furniture regularly with a nonabrasive soap and water to ensure the continued beauty of your furniture. While most of Leisure Lawns colors will only need to be cleaned a few times a year, colors like white, gray or ivory and other of our lighter colors will need to be cleaned more often to maintain their original beauty. With our lighter colors, spray the furniture with a nonabrasive cleaner then rub the furniture with a soft bristle brush and rinse off with warm, clean

water. If needed, you can use a high pressure washer. Holding the pressure washer too close to the furniture can cause the material to tear away so be sure to hold the top more than 12" away from the furniture.

Do not place items on the furniture that will leave a stain. Do not place hot items directly on the furniture. If properly cared for, you will be able to enjoy your poly furniture for many years!

WARRANTY

Colonial Road Woodworks, LLC (hereinafter "CRWW"), warrants to the original purchaser, that for the period of twenty (20) years of residential use or five (5) years of commercial use from the date of original purchase, that its high-density polyethylene (HDPE) outdoor furniture shall be free of manufacturer defects in workmanship and materials unless otherwise noted in warranty. CRWW will replace or repair the product without charge for materials and labor, providing that our inspection indicates that a manufacturer defect exists. Should CRWW choose to replace the product, and the product is no longer being made by CRWW, a substitution of similar performance and equal or greater value will be made. CRWW HDPE products are made with UV inhibitors to minimize fading, however upon prolonged exposure to the sun all colors will fade to some degree. CRWW stainless steel fasteners are warranted to not fail structurally for the applicable warranty period. Hardware such as gliders,

swivels and brackets are only warranted for two (2) years. If not maintained, stainless steel may corrode in certain extreme conditions (coastal areas). Damage caused by unauthorized service or repair, alteration of the product, normal wear and tear on materials, abuse or misuse, or abnormal use of the product shall void this warranty.

This Limited Warranty is in lieu of all other warranties either expressed or implied.

Contact us at leisurelawnsollection.com or email to crww@pcfreesmail.com. To place a claim, explain the nature of the original defect and include your name, address and telephone number. In event of non-warranty repair, you will receive an estimate prior to any repair work being done.
